Yes, the next weekend as promised. I hope everything is good at this point. I went out and couldn't locate the cameras to make sure myself. Let me know if there is still an issue.

Hi Don,

Did those trees ever get trimmed where the cameras were?

Hello,

Mr. Sutton this is Officer Ashley, Jimenez we spoke last week briefly. I am responsible for viewing and maintaining our LAPD cameras, that are city wide. This camera is used for public safety reasons. Bureau of street services advised me that they do not have funding to trim the tree, so I am asking if you can help with this matter?

The three obstructing one of our city cameras that is located at 8619 S. Sepulveda Blvd.

However, from the google maps search that I did, it does not appear that there is a business there with that address. The nearest one is adjacent to it Home Goods located at 8621 S. Sepulveda Blvd, Los Angeles, CA 90045. I have also enclosed a photograph of the location.

Thank you,

Officer Jimenez
